RIMBEY

RIMBEY FAIR MOST SUCCESSFUL IN HISTORY

"Rimby, in the heart of the famous Windermere Valley, proves itself a real mixed farming district."

The most successful fair in the history of Rimby was held on the exhibition grounds on August 23rd and 24th. The exhibit of cattle was not as large as usual, but the number and quality of horses was far in excess of any previous exhibition held by the Society. The exhibit of grain and grasses and roots and vegetables was well up to the high standard set in former years at this fair. In the Domestic and Ladies' Work Departments the competition was even keener than in former years and the exhibit in these departments has always been a great credit to the ladies of the community.

The School Fair, which is held in conjunction with the Agricultural Fair, drew keen competition and the exhibits entered by the children were of exceptional quality.

A splendid range of attractions and sports provided recreation for the large crowds who attended on both days of the Fair. Good baseball games and well attended dances concluded each day's performance.

S. G. TOBIN ON BUDGET

MR. S. G. TOBIN, MEMBER FOR WESTKILWING, ON THE BUDGET

MR. S. G. TOBIN (Westkilling).—Mr. Speaker, I enjoyed the address to which we have just listened from the hon. member for Perry Sound (Mr. Arthur). It was a moderate speech, and although I do not agree with his deductions, I believe he was entirely sincere, as indicated by the allusion to his members in the speeches they make in this House. I shall not enter into any of his arguments at the present time, but shall touch on certain points as I go along.

I want to join, first of all, in the chorus of congratulations to the Minister of Finance (Mr. Robb) and the government on the budget brought down. The many tributes that have been paid to the government from different quarters from the House and by all sections of the country are, I believe, well justified. The budget itself is in plain phraseology. Everything is shown in clear detail. There is no camouflage; there are no hidden mysteries. It lays bare the facts in a way that all may read and understand.

The plain facts are good enough; they do not need to be coloured or concealed. The Finance Minister's presentation was couched in good, clear Anglo-Saxon, from a people's government to the people themselves.

Nothing modestly reflects its author, I believe the budget will appeal to the people in all walks of life in this country. The Finance Minister did not find it necessary to make comparisons between this period and other periods or between this government and previous governments, for, as someone has said, it is a budget that speaks for itself.

As I listened to the different speakers, a saying of Lord Macaulay came to my mind. "This is the best government that has ever been given to the people of this country."

It is a saying that I believe will bring relief to all the people of this land. Coming to the budget itself, I find that the expenditures for the year have been kept below the estimated figures and that the estimated revenues have been exceeded. The national debt has been reduced, and the National railway has progressed beyond our fondest hopes. It is to-day reaching to the goal where it will require no more funds from the national treasury. That is made plain in the budget, and the showing of the railway alone would be a credit to any government for any government of this Dominion.

The people are going to be asked to dip into their pockets for \$25,000,000 of taxation this year. Now that may seem a small amount to some people, but I think it shows the grand of affairs when taxation is being reduced to the extent of \$25,000,000.

The return to penny postage will simplify things very much. Three will not divide exactly five, but two will, fifty or a hundred, and when I go to the post office to buy stamps I always have to figure how many stamps I should get for a certain sum and how much change I ought to have. But that difficulty is now solved.

Mr. EDWARDS (Frontenac): How do you manage when you buy two-cent stamps with a quarter?

MR. TOBIN (Westkilling): You can figure that more easily. I am glad to see that the receipt tax has been reduced to one penny. I have received a great many letters from my constituents expressing the hope that this tax would be abolished.

I am sure that the reduction in the duty on automobiles meets with the approval of all the western provinces, as well. I have read the newspapers on both sides of politics, including the Edmonton Journal, the Calgary Herald and the Vancouver Province, and all seem to agree that the right thing has been done. The people who own automobiles and want to get things as cheaply as they can. There is one phase of the question that I should like to put before the House. I think the difference in price of the same make of automobile here and in the United States has had a bad effect on immigration. People will compare the price of an automobile here with the price of the same car in the United States, and finding a big spread between the two, they naturally conclude that it is better to go to the States. I have referred to the trade of the country, the growing cost of producing country like the Dominion of Canada.

The House resumed at 8 o'clock. MR. TOBIN: (Westkilling) when the House rose at six o'clock I was endeavoring to show the condition of the present government took office in 1921. I had referred to the trade of the country, the growing cost of producing country like the Dominion of Canada.

a comparison in the case of other articles, hats, for instance, or clothing, because they may not be the same kind of article. But the Ford or the Dodge car is the same here as it is in the United States, and people notice the large spread in price between the two countries.

I think I have done a lot of harm. Now, the splendid achievements of the past fiscal year and the promising outlook for the coming year are the results of chance or accident. Shakespeare has said that men are sometimes masters of their fate. He might just as well have said that governments are sometimes masters of their fate. These achievements have been brought about because the present government when they assumed office in

OUR CANDIDATES U. F. A. RECORD.

From the Federal Board of the Wetaskiwin Constituency.

Our candidate, Mr. William Irvine, has been a member of the United Farmers' movement since 1906, when he joined the Saskatchewan Grain Growers' Association. In 1912 to 1915 he was in Ontario and belonged to the U. P. O. He joined the U.F.A. in the latter part of 1916, and has been a member ever since.

In addition to giving a great deal of time to organizational and educational work in connection with United Farm Leagues for several years prior to the time when the U.F.A. entered politics, Mr. Irvine has taken part in every political fight the United Farmers have had in Canada.

He campaigned for Mr. Caldwell of Carlton Place, and Mr. Kennedy of Glenora, the first United Farmers' representatives to enter parliament. In these campaigns he met in public debate Dr. Edwards, the Senator of the Conservative party. He campaigned in almost every riding in Ontario on the occasion when the U.F.O. came into power, and has been in a personal friend of J. J. Morrison, and has often addressed the U.F.O. annual convention. Again in Medicine Hat by-election when Robert Gardner was elected Mr. Irvine campaigned with vigor in that, the first political battle of the U.F.A. At that time he met Colonel Spence and Hon. H. H. Stevens on two different occasions in public debate and in no small measure helped the cause in that preliminary fight.

Then in the Provincial election in 1921, there was no one who worked harder for the return of the U.F.A. members, and no one more in demand from the various ridings than Mr. Irvine. In that same year he was selected as candidate to contest East Calgary. According to the arrangement between the U.F.A. and Labor, such organization was to have control of one of the two members, Mr. Irvine was elected as a Labor member with U.F.A. support and Mr. Shaw as a U.F.A. member with Labor support.

While a member of Parliament Mr. Irvine met regularly with the Alberta members and supported them on every issue they brought forward. By the redistribution bill of 1925, the greater part of the farmers' vote in East Calgary was transferred in other constituencies and Mr. Irvine thus lost much of his strongest support and was defeated.

During the last Provincial campaign Mr. Irvine was one of the few members under the Central Executive. He was active in the campaign as if he had been a member of the Government, and requests for his services came in greater numbers, from all parts of the Province, than his time permitted him to supply.

Mr. Irvine's record of service in the United Farmers cause is a long one of singular activity. He is known throughout the entire Dominion as a champion of the farmer's system of organization and representation. His book "The Farmers in Politics" was a creditable effort to explain the philosophy of the Farmers' movement, and has been widely read in all parts of the Dominion by members of farmers' organizations. These evidences of whole-hearted service have amply established not only his sincerity but his devotion to the farmers' cause and his nomination in Wetaskiwin is an evidence that the U.F.A. recognizes that sincerity.

Mr. Irvine can be of still greater service to the U.F.A. in the capacity of a member of Parliament. He regards the possibility of election as a greater opportunity for service.

Mr. Irvine can be of still greater service to the U.F.A. in the capacity of a member of Parliament. He regards the possibility of election as a greater opportunity for service.

FRANK THORPE HAS NARROW ESCAPE

Considerable excitement was caused Saturday last about 1:30, when the Bentley truck, owned and operated by Thorpe Bros., of Bentley, and driven by Frank Thorpe, well known resident of that place, was struck by a C.P.R. freight train at the Barnett avenue crossing. Mr. Thorpe was going east toward the creamery, and in the driving rain the windshield and car lights were covered as much as to obscure the approach of the oncoming train, and he did not hear the warning bell until too late, and the front wheels of the truck were on the track before he could bring it to a stop. The only way he got away back, but the pilot of the engine struck him before he was completely clear and turned the truck completely around, throwing the driver out and at the same time smashing the radiator and windshield and totally ruining the front axle and steering gear. The driver escaped without any serious injury, a slightly bruised arm and a few cuts on the hand from flying fragments of the wind shield being the only personal damage sustained. It was a close call, and Frank is to be congratulated for the presence of mind to which he must attribute his escape.

U. S. PRESIDENT COOLIDGE SAID

Very important policies have been adopted by this country which, while extending their benefits also in other directions, have been of the utmost importance to the wage earners. One of these is the protective tariff, which makes our people to live according to a better standard and receive a better rate of compensation than any people, at any time, anywhere on earth, ever enjoyed. This was the American market for the products of the American workman.

"We have built agriculture squarely into the structure of our protective system, and the American farmer must not be undersold at home by New Zealand mutton, Argentine beef, Canadian wheat, Danish butter, Bulgarian tobacco, Chinese eggs, or Cuban sugar."

LEARNING ABOUT ALBERTA

Request for full information concerning Alberta, with suitable illustrations, has been received by the provincial publicity bureau from the California council of education, which is revising its geo-graphical text book, and wishes to include a generous reference to Alberta. This is one of many indications of the rising interest that greater attention is being paid to securing information about the

Canadian west than ever before, by the people across the line.

Mr. Touche will resume his teaching on September 1st, and requests both groups to kindly be in their places on Thursday, September 2nd, for rehearsal with Mrs. Graham on one of the familiar anthems.

HORTICULTURE FLOURISHES IN ALBERTA

Horticultural shows are the order of the day in Alberta now. During the past week the Edmonton show was held, with 3000 in attendance, and some of the finest displays of flowers ever noted for being one of the best in the province, was also held this week, and Calgary show, always a big affair, is scheduled for the coming week.

TERMINATE RAILWAY AGREEMENT

Formal notice has been served on the Canadian Pacific Railway through the attorney general's department terminating the agreement in respect to the E. D. & B. C. and Central Canada railways. These notices, which follow up the preliminary advice given recently by Premier Brownlee, take effect as from August 10th. Under the terms of the original agreement these months' notice is called for, and the agreement between the C.P.R. and the provincial government, by which the former operates the northern railways, will therefore expire November 10th next.

Attorney General Lyburn and Hon. V. W. Smith, minister of railways, both state that the next move in the case, if the C.P.R. purposes negotiating for a new lease, must come from that source. The way is still open, they point out, for further offers from either of the transcontinental railways, but if satisfactory and acceptable terms are not arranged in this way, the two lines will be operated by the government itself through its railway department.

"BEAUTY COMPETITIONS"

On both sides of the border the protests against the continuance of the "beauty competitions" which have been given so much publicity have this year been louder and more general than ever before. These affairs always have been very vulgar and they have become more so as they have been turned to purely commercial purposes. A preliminary competition was held recently in Toronto to select a candidate to represent that city at the Atlantic City carnival and it was condemned strongly by the daily and weekly press. The Catholic Register had this to say on the subject.

Stilly girls of allier ambitions there are by the score who will compete for the unenviable notoriety of representing Toronto in this so-called "national beauty pageant." The girl of the day who walks our streets in semi-nudity is a law unto herself. She is above the conventions of decency that bound her old-fashioned mother, and has become a puzzle to the judicious and the sane. But how respectable parents can conscientiously permit—may, encourage—their daughters to forget their modesty for a prize of a little ephemeral praise, a little free newspaper advertising decorated with questionable pictures, is beyond our comprehension.

Numerous cases have been cited from all parts of the continent to show how very bad is the effect on those who have been induced to participate. Fortunately the craze has not spread to this part of Canada and all the indications are that it will soon die out elsewhere.

Mr. and Mrs. James Finlayson returned on Saturday from a holiday trip through the southern part of the province, and report an enjoyable outing. The only bad weather was encountered on the return trip from Calgary to Lacombe, the recent rains having made travelling hard.

Mr. J. C. Schade and Mr. Harry Schade, spent a few weeks holiday visiting Banff and other points of interest, returning home this week. The trip was greatly enjoyed, but Harry says Banff with its basking beauties makes life too strenuous, and he is glad to be back in the old home town once more.

The Carnival

The committee in charge of the
second annual Elks' Harvest Carni-
val have the preliminary arrange-
ments well under way, and when the
coors of the curling rink open for
this big autumn event, Monday, Sep-
tember 20th, the people of Central
Alberta will have one week of fun
and frolic, winding up Saturday night
with a real typical Southern Carni-
val spirit.

The committee in charge ask for
500 grain fed ducks, and Art Dwan
who will have charge of the Hot
Corn Booth will want 25,000 ears of
rice plump roasting ears.

The Elks' band will have a new
musical programme to present to the
music lovers if the district with
several selections of the old Southern
melodies which will give it the real
Carnival effect.

The big dancing pavilion has been
enlarged and William McDermott
and Wilbur Rankin who will have charge
of this event will have one of the
best Jazz orchestras in the province,
assuring the patrons of up-to-date
dance music.

Stanley Adamson will have charge
of the Peck ducks. He gave away
150 at the last Carnival and Stan-
ley expects to triple this at this car-
nival. Percy Parsons will have a
very attractive booth with the "Grand
Old Army Game"; Roy Whitecourt
will have his usual booth and will
give a lot of money. Roy's melodious
voice always assures him of a cap-
acity business every night.

Harry Teare, Peter Danner, and
Hickey Ritz will give comfortable
seats at their booth, and they proved
to be one of the most popular trio
of Bills at the last Carnival.

Ted Chapman will have a crew of
up-to-date salesmen in his booth, and
Ted and his crew will have some of
the best merchandise that is found
on the market to give away to the
holders of the lucky numbers.

Harry McLeod will have a good
crew of real live Bills and will have
a very fascinating game that he ex-
pects to go over big.

Mr. and Mrs. Emil Gorden will
deal out the delicious homemade
candy with a new brand and flavour
for each night of the Carnival.

Morris Tees will have charge of
the Capt Duff Booth and he is send-
ing out a call to all the prospective
ladies and grooms to try their luck
with cupid's arrows before they go
to the matrimonial altar.

Joe Taylor and James McWilliams
will have the old booth and will give
away the juicy hams for the mor-
ning noon. Joe and Jim are pre-
paring a special brand with the true
flavour of Elksdom in every ham.

Exalted Ruler David Calder is busy
with a herd of live bills getting them
into action and he is being assisted
by G. E. Jackson, Dr. Dean Locker,
N. E. Carruthers, Allan McDonald,
Wilbur Rankin, Giles MacDonald, W.
C. Sweet, D. Hay, H. E. Kennedy
and others of the herd whose names
will appear in the next issue with

Their respective positions.

The posters are in the press and
the Western Globe will keep you
posted on the new matter that is being
added to the programme, which will
last at least three hours each night
and the admission will be one dime,
and all the earnings will be used to
further the interests of the Lacombe
district. To make life sweeter. The
citizens move happy.

HARVEST STARTS

Harvesting of wheat is proceeding
slowly, and is about 24 per cent.
completed throughout the province.
Late rains have held up the ripen-
ing process somewhat, and in this
district have hindered harvesting, but
in the main the rains have consid-
erably assisted the filling of the grain,
especially the late wheat and the
coarse grains. The general effect
has been good, save in one or two
districts where the drought has been
severe and where the grain is too far
gone to recover. The districts thus
affected, as has been previously
stated, are very limited in extent.
It may be safely stated that the
rains which have come during the
first two weeks of August will have
the effect of adding considerably to
the yield of wheat, and of causing
recovery of much of the oats and
barley which were making a poor
showing.

There has been no frost and the
damage from hail has not been heavy
this year.

The weather remains cool and
showery. The rains have been
fairly general over the province dur-
ing the past fortnight, being some-
what heavier in the central and south-
ern portions.

The labor situation is well in hand
and a sufficient supply of harvest
hands is assured.

BLACKFALDS

Mr. W. J. Ryan, formerly of here,
but now of Joffre, is seriously ill

in the Red Deer hospital.

The Institute meeting for the
month of August was held at the
home of Mrs. Farewell, with sixteen
members present. As most of the
business up-to-date was fairly well
completed and this being an off-
month, the members spent the major
part of the time in social gathering.
An excellent time was spent.

Mr. B. J. Lobb, wife and son, are
visiting for a week with Mr. Lobb's
parents at the parsonage. Mr.
Lobb is an agent of the C.P.R. at
Glasgow, Saskatchewan.

Mr. E. E. Matthias has completed
a new stair case at the entrance of
the Community hall this week, being
closed in and a railing. This was
a needed piece of work and is ap-
preciated.

visiting relatives in the United States
for some months returned last week,
and will make his home with Mr.
and Mrs. E. G. Grimes.

Miss Eleanor Lobb spent a few days
in Edmonton this last week return-
ing on Tuesday of this week.

his friend, Stanley Farwell.

weeks at the Baptist Girls' Training
Camp at McLaren's Beach, Gull
Lake, and has returned home to take
up her usual duties at house-keep-
ing here.

(formerly of Lacombe), will be
heard in a duet with Mr. Touche.
She is leaving Lacombe, some six
years ago. Mrs. Graham has been
steadily advancing under a compe-
tent teacher, and those who heard
her formerly will be able to recog-

nize the improvement and realize the
benefit of hard work with the voice,
as with any other instrument. Mrs.

WOULD SEND NORSEMEN HERE

Division of the stream of immi-
grant farm labor from the United
States to Alberta will be recom-
mended by Arne Kildal, secretary of the
International League of Norsemen,
for that class of immigrant labor from
Norway.

Mr. Kildal, who is on his way back
to Norway after a tour of investiga-
tion of agricultural possibilities for

his countrymen in Saskatchewan and
Alberta, said the surplus population
of Norway, especially surplus farm
labor, must find an outlet. He said
the northwest provinces of Canada
offered good possibilities for those
who wished to settle down to a life
of farming.

EXHIBIT AT TWO FAIRS

Arrangements have been made to
show the provincial government ex-
hibit which goes to Sioux City, Iowa,
next month, at Spencer, Iowa, also
a neighboring city, where a large ex-
hibition is held each year.
